6 PLAYERS MAX PER TEAM

PROCEEDS BENEFIT CENTERSTONE & MILEWIDE

THE EVENT

Brains, Brews, & Bragging Rights is brought to you by the Centerstone Ambassador Council, a group of young professionals who serve as thoughtful leaders, advisors, and advocates for Centerstone in the greater Louisville area.

We'll test your brainpower with a not-so-ordinary night of friendly team trivia, physical fun, mulligans, great beer and bourbon, music, and delicious food. Come alone or as a group. The best and brightest will compete for prizes and, of course, a year of bragging rights!

THE CAUSE

Centerstone is a not-for-profit healthcare organization dedicated to delivering care that changes lives, including treatment, education, and a variety of support services related to mental health, substance abuse, intellectual and developmental disabilities, and childhood development.

Centerstone reaches communities in Kentucky, Indiana, Illinois, Tennessee, and Florida. In Kentucky, Centerstone serves over 35,000 men, women, and

children in the Louisville area yearly. Of those, 12,000 children benefit from Centerstone's outpatient counseling, psychological testing, 24/7 crisis network, and residential programs at the Brooklawn and Bellewood youth campuses.

Brooklawn and Bellewood provide intensive clinical care to children aged 6–18 for 300 families annually. Most of these children have experienced significant trauma related to abuse and neglect. Many are a part of

the state foster care system. With the crucial support of your generous donations, we are able to not only heal such trauma, but moreover reclaim childhoods full of positive, cherished memories.

THE VENUE

Mile Wide Beer Co.'s 636 Barret Avenue building was once home to a biscuit factory and Louisville's first brewpub. No GPS? No problem! Just spot the towering grain silo. Today, the brewery can produce roughly 475 gallons of beer at a time—nearly 3,800 pints! You'll find it on tap at restaurants and bars throughout Kentucky.

Since the good folks at Mile Wide dedicate their efforts to brewing outstanding beer, they've left cooking to the experts: food trucks make frequent visits, and soon, local pizzeria Mac's Dough House will open their brand-new location at Mile Wide!
